NEW WESTMINSTER CITY BY-LAWS.

DISTRICT TELEGRAPH BY-LAW.

A By-Law granting the right and privilege of erecting, constructing, maintaining and operating a District Telegraph System in the City of New Westminster, Province of British Columbia, to the under-mentioned "British Columbia District Telegraph and Delivery Company, Limited Liability."

THE Municipal Council of the Corporation of the City of New Westminster enacts as follows:—

1. That the said British Columbia District Telegraph and Delivery Company, Limited Liability, and their assigns, hereinafter called the "grantees," be and they are hereby granted, for the period of five years, the right and privilege of erecting, constructing, maintaining and operating and using in, along, and over and under any and all the streets of the City of New Westminster what is known as the District Telegraph System.

2. The said grantees shall have the right to and shall erect the poles and stretch the wires of their said Telegraph System so as not to interfere with the free and unobstructed use of the streets, and place the wires of their telegraph at such points and at such height as shall be designated by the Board of Works of the City. Said poles shall be dressed and painted in a neat and satisfactory manner, and shall not be less than thirty (30) feet in height and properly proportioned throughout, subject to the direction and control of the Board of Works of said City.

3. Whenever it shall become necessary for the erection or repair of such telegraph for said grantees to dig into, or in any manner interfere with, any public street, or any part thereof, the grantees and their assigns shall have the right, upon application in writing to the City Council and leave having been granted so to do by the said Council, and shall without

delay put the street in as good condition as it was before it was so broken up, dug or disturbed, and shall remove from the street all surplus sand, earth, rubbish or other material caused thereby.

4. Whenever any person or persons, company or corporation, shall have obtained permission of the Council to remove any building, structure or edifice through any street or streets of the said City of New Westminster, with which the lines or wires of the grantees shall in any manner interfere, the said grantees shall, upon twenty-four hours' notice from such person or persons, company or corporation, raise or remove said lines or wires so as to allow free and unobstructed passage of any such building, structure or edifice; and if the said grantees shall neglect or refuse, upon such notice to remove or raise such line or lines, said line or lines shall be removed or raised by the Council at the expense of the said grantees, so as to admit of the free passage of such building or edifice or structure.

5. Whenever it shall be necessary in grading any street or alley of said City, or in building any sidewalk, or making any other improvement thereon, to remove any pole or poles belonging to said grantees, or on which any line or lines, wire or wires, belonging to said grantees shall be stretched or fastened, the said grantees shall, upon receiving twenty-four hours' notice from the contractor, or other person having charge of such grading or other improvement, remove such pole or poles, and if said grantees upon such notice shall neglect or refuse to remove such pole or poles, then such pole or poles shall be removed by the Board of Works at the expense of said grantees.

6. It shall not be lawful for any person, unless authorized by said grantees, to interfere, meddle with, injure or remove any of the telegraph poles, wires, boxes or apparatus belonging or appertaining to said telegraph system: Provided, however, that the poles and other apparatus of said grantees may be removed in the manner provided in section 5 hereof.

7. The said grantees hereby agree and covenant to indemnify the Corporation of the City of New Westminster from any injury arising from, or any casualty or accident to person or property, by reason of any neglect or omission to keep said poles and wires in a safe condition, and for all valid claims against said City for damages caused by said poles or wires, or by any works, alterations, repairs or improvements in connection with the works herein contemplated.

8. The Corporation of the City of New Westminster reserves the right to repeal or amend this by-law whenever in the judgment of the Council of said City an amendment or repeal is necessary, having due regard, however, for the vested rights of the parties hereunder.

9. In the construction of the works herein contemplated the said grantees shall, when so directed by the Council, use the poles in the principal streets of the City at present used by the City for the electric light, so far as possible, so as to avoid the erecting of any additional poles on said streets, and shall make such compensation therefor as shall be agreed upon.

10. The said Company shall file the acceptance of the conditions hereof and commence the work of construction within six months from the date of the approval hereof, otherwise this by-law shall be null and void.

11. This by-law shall take effect and be of force upon the filing of said acceptance, and from and after the same shall have been published for seven days.

12. The grantees shall, whenever ordered by the Corporation of the City of New Westminster, place their wires underground, and in respect of removing and so placing of their wires underground shall have no claim upon said Corporation in respect of vested rights or otherwise; provided, however, that said Corporation shall not so order said grantees unless a general order to the same effect be issued to other persons or companies having overhead wires in the streets of said City.

13. Nothing herein contained shall be taken or construed as giving exclusive rights to the grantees, or as operating to prevent the Corporation of the City of New Westminster granting similar and concurrent rights and privileges to any other persons or companies.

14. This by-law shall be cited as the "District Telegraph By-Law."

Done and passed in open Council the 4th day of May, 1891.
